Excited to announce
our
Fall 2009
ABA training series

3 locations

Beginning
September 23, 2009

Overview

ABA introductory training series:

Our 15 hour, 4 part training series is for NYS credentialed educators (teachers/Ta's) and licensed professionals who are interested in becoming ABA service providers at ALL ABOUT KIDS.

Each session builds on knowledge and skills developed in previous sessions. New to AAK all sections must be completed along with 3 hours of observation, prior to case assignment. However, each session is open to any provider who wants to further develop their knowledge or teaching skills by incorporating the principles of ABA. Each session is 3 hours; participants will receive a certificate of attendance.

Part 1 ABA1: introduction, theory and application

Part 2 Discrete trial teaching/ data collection and analysis

Part 3 Verbal behavior

Part 4 Assessment and program development

Special session

Functional Behavior Assessments

Behavior intervention plans

October 8th

5-7 PM

Plainview

This 2 hour workshop is for more experienced teachers who may be responsible for behavior management programs. Functional Behavior Analyses (FBA) and Behavior Intervention Plans (BIP) are an integral part of the educational plans for students displaying behaviors that interfere with learning. Before more restrictive educational measures are put into place (ie increase of services, change of location, etc) schools and teachers must demonstrate the functionality of maladaptive behavior (FBA), and devise a plan of action to improve the behavior (BIP). This workshop explains how to conduct an FBA and how to construct a meaningful, effective BIP based on the data collected by the FBA.

Our Presenters

Gina Feliciano, Phd, BCBA-D,SAS, is ALL ABOUT KIDS Director of **ABA services** for Long Island, NYC 5 Boroughs, and Westchester. She oversees our Regional Field ABA Program Supervisors, the development and implementation of ALL ABOUT KIDS ABA programs and services, and trainings and curriculum throughout the regions that we service.

Kristine Lanza, MEd is ALL ABOUT KIDS Long Island regional ABA program supervisor. She has worked in the field for over a dozen years providing direct services/supervision and training in both center based and community based. Kristine has extensive experience with EI, CPSE and CSE.

Lindsay Maffei, MEd is ALL ABOUT KIDS NYC regional ABA program supervisor. She comes to us with an extensive background in early childhood education for children on the autism spectrum. She has provided direct services, supervision and training in both community and center based settings.
